

CITY OF SAN ANGELO
PERMITS AND INSPECTIONS
COMMENTS AND COMPLAINTS

The City of San Angelo Permits and Inspections Department strives to serve and assist the public with various development-related projects through outstanding permitting and inspection services which protect the public's interest in property and the lives and safety of citizens. This goal is accomplished through achieving compliance with applicable codes through education and excellent customer service. To that end, we welcome comments that will encourage us in our achievements and also help us in our deficiencies. Please use this form to let us know how we are doing. Also, you are always welcome to contact the Building Official directly to provide positive or negative feedback regarding the department.

CONTACT INFORMATION: Note, All forms will be reviewed and investigated. Leaving the contact information below will allow us to contact you should we need further information and/or allow us to provide you with feedback results.
